

Mike Adams issues “death camp” warning: Genocide, Round-ups? Bombshell...

Thursday, August 22, 2019 by: News Editors

In the video below, I interview Mike Adams, (aka Health Ranger), who is a best selling author, environmental scientist, award winning journalist, and founding editor of <https://www.naturalnews.com/>.

(Article by Lisa Haven republished from [LisaHaven.news](https://lisahaven.news))

He has been under severe attack by social media giants for his stance against government corruption and exposing big Pharmaceutical. Recently, his entire channel was removed from Youtube.

Many are attempting to silence him but Mike will stop at nothing to wake up the American masses to the atrocities that are about to befall us. All that and more in this bombshell report...
