

Pandemic Panic To Usher In The UN's 2030 Agenda Ten Years Early

POSTED BY: LEO HOHMANN APRIL 16, 2020

Sustainable Development, aka Technocracy, is the endgame of the global elite who want control over all resources on earth, including people. The “Great Panic of 2020” has been weaponized to create the biggest economic coup in the history of the world.

I would again note that control over political structures is incidental to control over all economic functions. When Technocracy prevails, elected politicians of all stripes will be summarily dismissed and engineers and scientists will run the world directly. For citizens, this is the essence of scientific dictatorship: there is no need for representative government because systems will be run autonomously via algorithm.

The threat of killing capitalism and free enterprise is very real and most definitely existential to America as we have known it for over 200 years. - TN Editor

When Alexandria Ocasio Cortez, also known as AOC, rewrote the United Nations’ Sustainable Development Goals and rebranded them as the Green New Deal, many conservatives were heard laughing out loud.

She couldn’t be serious, could she? But who’s laughing now? AOC has gotten most everything she wanted in the Green New Deal.

- Air traffic has all but ended, with long waits at airports a distant memory not likely to return anytime soon.

- Automobile traffic on once-bustling highways has been reduced to a trickle.
- Most Americans have either been told to work from home, or not work at all. They receive government paychecks to sit home and do nothing. AOC called it the universal basic income. It's here.

It's time for President Trump to end this nightmarish experiment. We need clarity.

Stop the back-slapping daily press briefings where 90 percent of the content consists of congratulating himself and the governors for their wonderful handling of this crisis.

Let's be honest, most have ignored the Constitution and overstepped their authority.

We need a firm date for when these lockdowns will end and our leaders need to stick to that date, not just throw a date out there, only to later extend it.

We want all of our country back. Not in stages, not in phases.

The president's advisers, Drs. Fauci and Birx, have been exposed as frauds and must no longer be allowed to dictate policy.

They convinced the president to make bad decisions based on faulty science and speculative computer models stocked with false assumptions. They are up to their necks in conflicts of interest, mostly having to do with the Bill and Melinda Gates Foundation and its many global partners pushing mandatory vaccines and a global ID system that can be used for tracking individual Americans.

For any politician to tell any small business that they are "non-essential" based on the advice of these two Gates-funded quacks is tantamount to the central committee of the USSR telling kulaks to get off their land and go work in a factory.

Under Stalin, the Soviet state couldn't control kulaks working on the land, so they expropriated it. Took it. Is that the same strategy Gates has for the many small mom and pop businesses in America? Force them out and make them go to work for Amazon, Walmart or some other mega-corporation where they can be more closely monitored.

Sorry, but this isn't the Soviet Union or Communist China.

The state doesn't have the authority under the U.S. Constitution to deprive any American of their right to earn an honest living. Virus or no virus.

Left to its own devices, the state will always gravitate toward the accumulation of power. Once the state has claimed the right to exercise power over a certain area of your life, it rarely gives it back.

Governors have claimed the power to tell us when we can go to church, where we can and can't work. So far, most Americans seem good with that.

The arbitrary exercise of raw state power is breathtakingly evident everywhere in the current situation, yet so few are able to discern it.

Why, for instance, is it considered non-essential to shop for seeds, flowers, plants and shrubbery in Michigan while across the line in Ohio such purchases are legal?

Why, in most states, are you allowed to go to a liquor store, pot dispensary, or a crowded Walmart but not to church?

These are decisions the government has no constitutional grounds to make for American citizens.

If politicians want to infringe upon these basic rights, then they should stop being cowards and *declare martial law*, thereby formally suspending the U.S. Constitution.

You don't get to have your cake and eat it, too, snatching civil liberties while claiming the Constitution is still in place.

Who is Anthony Fauci?

Some clarity is also in order on the backgrounds of the experts our politicians relied on in ordering the lockdowns to begin with.

COVID-19 is a highly contagious virus that should be taken seriously.

But let's not forget that at least 98 percent of those who catch COVID-19 make a full recovery. It's time that we all come to grips with the pertinent question: Are we willing to sacrifice our liberties, our way of life, on the altar of a health crisis that carries *a 2 percent risk of death?*

It's safe to say that Drs. Anthony Fauci and Deborah Birx, the two infectious-disease experts heading up President Trump's Coronavirus task force, are not going to change their advice, even though the original data they relied on in recommending these lockdowns turned out to be bogus.

There have been no hundreds of thousands of dead bodies, and the doomsday predictions of "overwhelmed hospitals" never materialized outside of a couple of places in New York City.

Fauci and Birx have long track records of working with Bill Gates and his eugenicist vision for the world.

Fauci sits on the Leadership Council for the Global Vaccine Action Plan, a project of the Bill and Melinda Gates Foundation that works in concert with the United Nations.

[Please read Gates's [press release](#) on that project which documents Fauci's role].

The United Nations Agenda 2030, adopted in 2015, consists of 17 Sustainable Development Goals [aka Green New Deal] to be achieved by the year 2030.

- **Goal number 3, “good health and wellbeing,” begins with the U.N.’s demand that you “vaccinate your family.”** Goal 3.8 states: “Achieve universal health coverage, including financial risk protection, access to quality essential healthcare services and access to safe, effective, quality and affordable essential medicines *and vaccines for all.*” [Emphasis added]
- **Goal number 16.9 says “By 2030, provide legal identity for all, including birth registration.”**

The UN’s 2030 Agenda motto, repeated endlessly in its documents, is that this agenda will “**leave no one behind.**”

How does the UN propose to leave no one behind unless the ultimate goal is to make these “life-saving vaccines” mandatory for all?

Deborah Birx is no less tied to the Bill Gates UN agenda than comrade Fauci.

And what about Gates himself? Why is his globalist agenda of forced vaccines and sterilization never brought to light in the mainstream media? The only answer is that the media establishment agrees with Gates’ agenda and wants to hide it from the American people.

Gates has poured billions into furthering access to abortion. His vaccine projects have left thousands of women sterile in Kenya and India, and his polio vaccines have caused paralysis in Afghanistan, Congo and the Philippines. [For more on Gates’s horrific track record on vaccines, leaving a trail of death and serious injury, read Robert F. Kennedy Jr.’s scathing report, published by Children’s Health Defense on April 9, 2020 under the title [Gates’ Globalist Vaccine Agenda: A Win-Win for Pharma and Mandatory Vaccination.](#)]

Kennedy Jr. writes:

“Promising [his share of \\$450 million](#) of \$1.2 billion to eradicate polio, Gates took control of India’s National Technical Advisory Group on Immunization (NTAGI), which mandated up to **50 doses** (Table 1) of polio vaccines through [overlapping immunization programs](#) to children

before the age of five. Indian doctors blame the Gates campaign for a devastating **non-polio acute flaccid paralysis (NPAFP) epidemic that paralyzed 490,000** children beyond expected rates between 2000 and 2017. In 2017, the Indian government dialed back Gates' vaccine regimen and **asked Gates** and his vaccine policies to leave India. NPAFP rates dropped precipitously."

Gates is the largest private donor to the World Health Organization, a U.N. agency that, as President Trump says, is extremely "China-centric" and covers for China's communist dictators whenever such cover is needed.

China is always the model for success in the eyes of WHO, never the villain that needs to be dealt with, like when it deliberately gave out false information about the coronavirus.

Bill Gates' father, William Gates Sr., is co-chair of the Bill and Melinda Gates Foundation and a former board member for Planned Parenthood. Fauci and the Gates clan move in the same circles as the America-hating social engineering billionaire George Soros [see photo below from 2001].

There's no escaping the fact that Bill Gates is a globalist. He's also a pathological eugenicist deeply invested in global population control, one of the longstanding goals of the United Nations.

If it's reasonable to believe that neither of these doctors is going to break ties with Gates and change their colors just because they are heading up a White House task force, then we must ask President Trump: **Why are you listening to them?**

The Looming New Economic and Social Order

Why are these deeply conflicted advisers driving policy-making decisions – from the White House to the governor’s mansions and city halls?

Such decisions, if allowed to continue, are placing our nation on a fast track to a new dark age.

And not just an economic-political dark age.

When we look at the rapidly changing social order, the light is also growing dim.

New rules are being fashioned for us as we speak. Changes are coming for everything — how we shop for groceries, how we pay for products [*cashless?*], even how we greet our fellow man [*no handshaking!*].

If you don’t obey these rules, you will be publicly shamed and blamed as exhibiting anti-social behaviors detrimental to the common good.

The way we “do life” may never return to normal if President Trump doesn’t intervene and take back the reins from these two doctors aligned with the vision of the United Nations, Bill Gates and a host of creepy NGOs like the Rockefeller Foundation and the World Economic Forum.

We’ve already reported on the WEF’s Event 201 conference in October last year, where the CDC, WHO, CIA, Johns Hopkins University, NBC and other sponsors convened to map out their global response to a coronavirus pandemic – two months before anyone had heard about a coronavirus outbreak.

Back in 2010, the Rockefeller Foundation put out a 54-page white paper titled “*Scenarios for the Future of Technology and International Development.*”

In this paper, the foundation gamed out a future pandemic based on a flu-like virus that attacks the human respiratory system.

On page 18 of that document, it describes a hypothetical scenario dubbed “lockstep”:

“In 2012, the pandemic that the world had been anticipating for years finally hit. Unlike 2009’s H1N1, this new influenza strain—originating from wild geese—was extremely virulent and deadly. Even the most pandemic-prepared nations were quickly overwhelmed when the virus streaked around the world, infecting nearly 20 percent of the global population and killing 8 million in just seven months, the majority of them healthy young adults. The pandemic also had a deadly effect on economies: international mobility of both people and goods screeched to a halt, debilitating industries like tourism and breaking global supply chains.”

Even locally, normally bustling shops and office buildings sat empty for months, devoid of both employees and customers.”

In the U.S., “containment was a challenge,” the Rockefeller paper continues, *because the U.S. didn’t follow the lead of China* in implementing mandatory lockdowns.

“The United States’ initial policy of ‘strongly discouraging’ citizens from flying proved deadly in its leniency, accelerating the spread of the virus not just within the U.S. but across borders. However, a few countries did fare better—China in particular. The Chinese government’s quick imposition and enforcement of mandatory quarantine for all citizens, as well as its instant and near-hermetic sealing off of all borders, saved millions of lives, stopping the spread of the virus far earlier than in other countries and enabling a swifter post-pandemic recovery.”

Wherever you see the fingerprints of the Rockefeller Foundation, the Gates family is not far away, working as a “partner” or co-funder. They share the same eugenicist agenda.

Dr. Fauci and Dr. Birx are tied directly into that corrupt crowd and Trump needs to cut them loose before they’ve ramrodded their rotten agenda down our collective throats.

Michael Matt, executive editor of Remnant TV, exposed this cabal and connected the dots as well as anyone, and I strongly recommend his podcast, “[Trumping the Gates of Hell.](#)”

Matt rightly discerns that what’s going on is bigger than partisan politics, Democrat vs. Republican.

“This involves international intrigue, the WHO, George Soros, Bill Gates, the Trump phenomenon and the Vatican’s globalist Pope Francis,” he says. “But how? Why? What’s the endgame?”

In chilling detail, he unpacks the endgame, which has virtually nothing to do with keeping you alive and healthy and everything to do with replacing American power in the world with something more centralized, more controlling of the masses.

We are staring at the dawning of a new “Technocratic” era that has been sitting on the U.N.’s shelf for several decades, just waiting for a triggering event so it can be implemented.

Part of the Gates’ plan for a new technocratic utopian system is the tagging and tracking of every human being using a digital ID system.

This global ID system is being designed as we speak by the New York City-based **ID2020 Alliance**. Gates’s Microsoft Corp. became one of the founding partners in January 2018 along with Gavi Vaccine Alliance, another Gates-funded project. Funding also comes from longtime Gates collaborator the Rockefeller Foundation.

In order to bring in this system fully, Gates and his globalist comrades have long known that they need to take down America, knock it off its perch as the world’s most important superpower and “level the playing field” among nations.

I argued the same line of reasoning in my article from two weeks ago, “Sanitized Dictatorship: How COVID19 is being used to transform the world and destroy the Trump revolution.”

Now I’ve got intellectual backup from Michael Matt, who takes 43 minutes to document and explain the web of deceit that is being woven. Matt doesn’t use the word “technocratic” but that’s exactly what he is describing – a new global order in which capitalism and free enterprise are replaced by a hybrid form of socialism and crony capitalism like that which enslaves the population in China.

In a technocracy, corrupt scientists and data-mining bureaucrats call the shots and elected politicians do their bidding. The people be damned. It’s not coincidence that Gates was also the major money behind the Common Core education standards, which are focused on data mining of students through incessant testing and surveying of students to create what amounts to a dossier on each individual student’s attitudes, values and beliefs. This is private information that education bureaucrats have no business getting their hands on, anymore than healthcare bureaucrats should be shopping out your private health data.

Gates's wife, Melinda, openly spouts, *"Bill and I love data."*

Ah yes, data. They love it because it's easily weaponized against certain sectors of society.

In China, the technocrat model for the world, the government uses data to operate a system of social scoring.

Those with low social scores, such as Christians, are passed over for the prime jobs and forced to meet in underground home churches.

Yes, we've seen how the data miners work.

By blowing up the COVID crisis, using unscientific computer models that forecasted wildly inaccurate numbers of up to 1 million dead Americans, they were able to get the attention of the American public, get us to cooperate with the advancement of our own enslavement.

Gates said, in an interview with Fox News' Chris Wallace:

"It is fair to say things won't go back to truly normal until we have a vaccine that we've gotten out to basically the entire world."

Canadian PM Justin Trudeau came out this week with a statement that sounded eerily similar.

"We will not be coming back to our former normal situation; we can't do that until we have developed a vaccine, and that could take 12 to 18 months," Trudeau told reporters last Thursday.

Zeke Emanuel, the former Obama aide who now advises Joe Biden, told MSNBC: "Realistically, COVID-19 will be here for the next 18 months or more. We will not be able to return to normalcy until we find a vaccine or effective medications."
